## **About SDPI**

The Sustainable Development Policy Institute (SDPI) is an independent, public interest think tank that provides advice to public, private and voluntary organizations, and undertakes policy-oriented research, advocacy and capacity building.

Founded in August 1992 on the recommendation of the Pakistan National Conservation Strategy (NCS), also called Pakistan's Agenda 21, SDPI is registered under the Societies Registration Act, XXI of 1860.

### **Mission**

To catalyze the transition towards sustainable development defined as the enhancement of peace, social justice and well-being, within and across generations.

### **Vision**

Be the centre of excellence on sustainable development policy research, training and advocacy in Pakistan.

## WORKING PAPERS SERIES

Under the Working Paper Series the SDPI publishes (refereed) research papers written either by the regular staff of the Institute or affiliated researchers. These papers present preliminary research findings either directly related to sustainable development or connected with governance, policy-making and other social science issues which affect sustainable and just development. These tentative findings are meant to stimulate discussion and critical comment.
