About SDPI

SDPI was founded in August 1992 on the recommendation of the Pakistan National Conservation Strategy (NCS), also called Pakistan's Agenda 21. The NCS placed Pakistan's socio-economic development within the context of a national environmental plan. This highly acclaimed document, approved by the Federal Cabinet in March 1992, outlined the need for an independent non-profit organization to serve as a source of expertise for policy analysis and development, policy intervention, and policy and program advisory services. SDPI is registered under the Societies Registration Act, XXI of 1860.

Mission

To catalyse the transition towards sustainable development, defined as the enhancement of peace, social justice and well-being, within and across generations.

Vision

To be a center of excellence on sustainable development policy research, capacity development and advocacy in Pakistan.

About Newsletter

To keep abreast of emerging issues at the national/international and local level, the SDPI brings out a Bi-Monthly E-Newsletter for

“China Study Centre - SDPI”

Editor Note:

Launched in August 2018, China Study Centre is a broader initiative of Sustainable Development Policy Institute (SDPI) to bridge the research-policy gap on the issues of global relevance such as trade, technologies, climate change, tourism, business, finance and Pakistan-China relations. The Centre strives to foster research, knowledge and expertise on China, profoundly relevant to our engagement with China-Pakistan Economic Corridor (CPEC).

With a large network of universities, government bodies, business and civil society organizations, the Centre aims to promote collaborations, capacity building and technology transfer based on lessons learnt and experiences of China, attributed to their scientific knowledge and policy instruments. This requires a deep insight into Chinese history, culture, and socio-economic contexts. Such an approach is essential to catalyze the active engagement with China to address the economic and development challenges towards achieving sustainable development.

Subjects Covered

- Pak-China Foreign Relations
- CPEC
- Regional integration under China's Belt & Road (B&R)

China & America trade conflict

International trade on the line

Source: [Hassan Baig](#), [The News, International](#), 2025-04-03

The trade war has begun, and international trade is currently under threat. International relations are also under strain, primarily due to new tariffs imposed by the US administration on potential adversaries and countries around the world. There is no doubt that revenues, tariffs, and taxes are essential for governments to function. However, businesses do not thrive under high taxes, and the sa..... [more >>](#)

Shots Fired

Source: [Editorial](#), [The Nation, Islamabad](#), 2025-04-10

The United States may have fired the first shot, but China was well-prepared to retaliate—and it has done so with equal force. After the U.S. imposed sweeping tariffs of up to 104 percent on Chinese goods, China responded in kind, levying similar duties that have rendered many American products unviable in Chinese markets. This tit-for-tat escalation sends a clear message: China is not backi..... [more >>](#)

US tariff hammer to miss the nail

Source: [Nasir Jamal](#), [Dawn, Islamabad](#), 2025-04-14

Last Friday, China raised tariffs on US goods to 125 per cent to match the import levies slammed by President Donald Trump on its exports as the world's two largest economies took turns putting trade barriers against each other. But Beijing said it would ignore further levies by President Donald Trump because it no longer makes economic sense for importers to buy from America, dismissing Tru..... [more >>](#)

China hits back at US with 34pc tariffs

Source: [Anadolu](#), [The Nation, Islamabad](#), 2025-04-04

China on Friday hit the US with a 34 percent tariff on imports in a tit-for-tat move following US President Donald Trump's 34 percent tariffs on products from the East Asian giant. The tariffs, set to go into effect next Thursday, will affect all US products imported to China, according to a Customs Tariff Commission of the State Council statement.
