E-Newsletter on COVID - 19

Vol. 3, No. 58-63

Issue 19 July to 8 August 2022

Sustainable Development Policy Institute
SDPI
About SDPI

SDPI was founded in August 1992 on the recommendation of the Pakistan National Conservation Strategy (NCS), also called Pakistan’s Agenda 21. The NCS placed Pakistan’s socio-economic development within the context of a national environmental plan. This highly acclaimed document, approved by the Federal Cabinet in March 1992, outlined the need for an independent non-profit organization to serve as a source of expertise for policy analysis and development, policy intervention, and policy and program advisory services. SDPI is registered under the Societies Registration Act, XXI of 1860.

Mission
To catalyse the transition towards sustainable development, defined as the enhancement of peace, social justice and well-being, within and across generations.

Vision
To be a center of excellence on sustainable development policy research, capacity development and advocacy in Pakistan.

About Newsletter

In order to keep abreast of emerging issues at the national/international and local level, the SDPI brings out a Bi-weekly E-Newsletter on “COVID-19”

It carries reference information’s to the news items/comments/Op-Eds appearing in leading National/International daily newspapers.

Newspapers Covered:

• Dawn
• The News
• The Express Tribune
• The Nation
• Business Recorder
• Daily Times
• Pakistan Observer

<td></td>
</tr>
<tr>
<td>Recent Covid-19 fatality numbers should be a cause of great alarm for health authorities in the country. In spite of the threat that these figures pose, regarding the rapid resurgence of the virus over the past month or so, little has changed in terms of the public’s response to what can potentially snowball into a major health emergency. Given the continuing negligence and complacency, it w.....</td>

**Citizens asked to shun conspiracies on vaccination, family planning**
**Source:** Ikram Junaidi, *Dawn, Islamabad*, 2022-07-19

ISLAMABAD: Federal Minister for National Health Services (NHS) Abdul Qadir Patel on Monday deplored that some elements were trying to create the impression that the concepts of family planning and vaccination — against polio and Covid-19 — are not compatible with religion. Terming it “very dangerous behaviour”, he said that on the issue of population welfare, the...  more >>

**‘Lack of tech’ keeps Pakistan from making own Covid vaccine**
**Source:** Ikram Junaidi, *Dawn, Islamabad*, 2022-07-22

ISLAMABAD: Following a waiver by the World Trade Organisation, which eases intellectual property restrictions on mRNA vaccines, Pakistan looks poised to domestically produce jabs using this advanced technology but due to lack of technical capacity this “golden opportunity” may not materialise. The waiver provides Pakistan an opportunity to produce jabs using mRNA technology — va.... more >>

**Biden tests positive for Covid**

WASHINGTON: United States President Joe Biden on Thursday tested positive for Covid-19, the White House confirmed. In a statement, press secretary Karine Jean-Pierre said that the 79-year-old president, who is fully vaccinated and has received two Covid booster shots, is experiencing “very mild symptoms.” According to CNBC, Biden has begun taking an antiviral pill, Paxlovid, that can.....  more >>
Covid-19: Uptick in number of infections, fatalities in past 24 hours
Source: Abdul Rasheed Azad, Business Recorder, Islamabad, 2022-07-23
ISLAMABAD: Pakistan has registered an uptick in the number of daily coronavirus infections and fatalities during the past 24 hours. According to coronavirus data released by the National Institute of Health (NIH) here on Friday, Pakistan has recorded another 679 coronavirus infections and seven deaths during the past 24 hours. As per the NIH data, the death toll in the country now moved .... more >>

Seven-fold increase in Covid-19 cases recorded in Islamabad
Source: Ikram Junaidi, Dawn, Islamabad, 2022-07-26
ISLAMABAD: The number of Covid-19 cases in the capital in July increased seven times compared to April, according to data of the District Health Department. In April this year, the city had reported only 133 cases. However, so far in July 928 people have been found infected. By the end of the month, the figure might go up by nine-fold as 47 people tested positive on Monday. The data available wi.... more >>

Nationwide positivity ratio stands at 3pc; Another 582 Covid-19 cases detected
Source: Abdul Rasheed Azad, Business Recorder, Islamabad, 2022-07-26
ISLAMABAD: The authorities have reported 582 new Covid-19 cases along with two coronavirus-related deaths in the last 24 hours, revealed the data released by the National Institute of Health (NIH). According to the NIH data released on Monday, the death of two more persons has taken the nationwide death toll to 30,469, which accounts for about two percent of the total cases reported. Of the t.... more >>

Pakistan sees uptick in Covid cases as seven more lose lives
Source: Agencies, Daily Times, 2022-07-23
Pakistan recorded a slight increase in fresh Covid-19 cases as the virus claimed seven more lives, the National Institute of Health, Islamabad’s (NIH) data showed Friday morning. According to the NIH data, during the last 24 hours, 23,035 diagnostic tests were conducted, out of which 679 came back positive. However, as per NIH statistics, the positivity ratio across the country was recorded.... more >>

Covid-19 positivity rate sees uptick in Pakistan; hits 3%
Source: Agencies, Daily Times, 2022-07-26
After several weeks of fluctuating stats, the COVID-19 positivity rate has reached 3% in Pakistan, with 582 fresh cases reported during the last 24 hours, the National Institute of Health, Islamabad’s (NIH) data showed Monday morning. The new infections were detected after diagnostic testing on 19,389 samples. Moreover, the virus claimed two more lives overnight, pushing the country’s..... more >>

Covid claims 2 more lives, 693 fresh cases reported in country
RAWALPINDI: A marginal increase was witnessed on Saturday in new Covid-19 cases in Pakistan, data from the National Institute of Health, Islamabad (NIH) showed, reported Geo News. According to the NIH data, 23,423 diagnostic tests were performed in the last 24 hours, with 693 returning positive, indicating a 2.96% positivity ratio. The virus claimed two more lives in the last 24 hours, bringing ..... more >>

Three more die as Covid positivity rate slightly declines
ISLAMABAD: The Covid-19 positivity ratio in Pakistan has witnessed a slight decline after nearing 3% for several days, the National Institute of Health, Islamabad (NIH) data showed Sunday morning. Pakistan reported 532 Covid-19 cases during the last 24 hours, which placed the country’s coronavirus positivity ratio at 2.74%. The new infections were detected after diagnostic testing on 19,4.....  more >>
