COVID-19 cases across the country are rising at a dangerous pace, with the official coronavirus-related death toll in the last week alone close to 100. The situation is growing worrisome as ministers sound the alarm over a positivity ratio which has crossed the 3pc mark and is continuing to escalate. In Islamabad, daily positive Covid-19 cases are growing at an alarming rate, spurring the admin.....more >>

**Covid-19 threat**
Source: *Dr Niaz Murtaza, Dawn, Islamabad*, 2020-11-03
AS the risk of a second wave of Covid-19 rises rapidly, a devil-may-care sense of complacency and invulnerability still grips the nation. It comes from a wrong belief that we have honed an indigenous expertise against the virus that is being praised globally. But there is yet no rigorous technical study of our response. Thus, the ‘global praise’ consists only of dubious official repor.....more >>

The continued challenges with the pandemic have hit the economies hard. The impact on lives and livelihoods is real, and millions will require real support to put the pieces of their lives back. While many traditional industries have taken a serious blow, other industries are reporting both high growth and robust demand for months and years to come. Medical technologies — ranging from dispos.....more >>

**Enhanced social protection an opportunity for Asia-Pacific**
Source: *Armida Salsiah Alisjahbana/Chihoko Asada Miyakawa, The Express Tribune, Islamabad*, 2020-11-03
In the fight against Covid-19, success has so far been defined by responses in Asia and the Pacific. Many countries in our region have been hailed as reference points in containing the virus. Yet if the region is to build back better, the success of immediate responses should not distract from the weaknesses Covid-19 has laid bare. Too many people in our region are left to fend for themselves in t.....more >>

**Smog and Covid-19**
Source: *Editorial, The Express Tribune, Islamabad*, 2020-11-03
Smog envelops Lahore every year in winter — from November to February, and the issue has been persisting for the past many years threatening humans as well as other living beings. Since smog makes breathing difficult, it is now posing a greater danger to human life due to the resurgence of the coronavirus pandemic. It is mostly difficulty in breathing that kills most Covid-19 patients. Even .....more >>

**OGDCL 1QFY21 – slow or improving?**
Source: *BR Research, Business Recorder, Islamabad*, 2020-11-04
There are two ways to look at Oil and Gas Development Company’s (PSX: OGDCL) financial performance for 1QFY21: compared to 1QFY19, earnings and revenues have slipped; but sequentially, the quarter portrays improvement. Though OGDCL’s earnings declined year-on-year during the period under analysis, COVID-19 has made sequential analysis of the financial performance more meaningful a.....more >>

Pandemic’s second wave and oil markets
Source: Dr Omer Javed, Business Recorder, Islamabad, 2020-11-06
‘For an industry still heavily scarred by the events of March and April, when prices went into free-fall as widespread lockdowns cut global oil consumption by around a quarter, the second wave of coronavirus restrictions has left many shuddering. Brent crude, the international marker, fell 10 per cent this week to just above $37 a barrel.’ – ‘Oil traders tear up demand fore.....
